Outline for “Up-dates and Development of Competition Policy and Regulatory Reform”

(Sample Format)

Reports from member economies on up-dates and development of competition law and regulatory reform and following Q&A sessions are valuable in terms of sharing experiences of member economies. For that purpose, it would be advisable that member economies will report their own activities in a united form. Here is an example of items which the report may include:

- I. Changes regarding competition laws and policies
 1. Amendment of legislation or introduction of policies
 2. Bilateral or regional cooperation agreements

- II. Enforcement of competition laws and policies
 1. Measures against violations
 2. Mergers and acquisitions

- III. The role of a competition authority in the formulation and implementation of other policies

- IV. Technical assistance activities, provided or received

- V. Resources of competition authorities
 1. Budget
 2. Number of officials
