Measures of Competition Development in APEC

Asia-Pacific
Economic Cooperation

Advancing Free Trade
for Asia-Pacific Prosperity

Jakarta, January, 2013

Main tasks

- to gather the information;
- to identify and survey the most effective measures of competition development;
- to discuss and improve interim results;
- to disseminate the project outcomes.

Asia-Pacific
Economic Cooperation

Advancing Free Trade
for Asia-Pacific Prosperity

The APEC Workshop ‘Measures of Competition Development in APEC’ was held in Vladivostok, the Russian Federation on 27 - 28 September 2012

It was attended by 37 participants from 13 APEC economies, namely Australia, Chile, China, Indonesia, Japan, Mexico, Peru, the Philippines, the Russian Federation, Chinese Taipei, Thailand, the USA and Viet Nam

Key measures of competition development

- **Institutional measures of competition development**
- **Measures on competition advocacy**
- **Measures on market participants' access to infrastructure**

Main conclusions

- Effective measures often involve the combination of multiple mechanisms.
- Economy individualities determine the most effective measures.
- Monitoring and streamlining the measures are very important.
- An effective system can be based on a special Competition Act.
- Streamlining regional authorities' measures implementation is important for effectiveness of the mechanism.

Potential application

- government programs;
- reforms promotion;
- guidance on competition policy measures.

Thank you for attention
