Activities and projects for 2014

- APEC Training Course on Competition Policy in 2014
APEC Training Course on Competition Policy will be held in Russia this October. Federal Antimonopoly Service of the Russian Federation, in cooperation with the Japan Fair Trade Commission, will host this training course.
- The Competition Policy and Law Database
Based on consensus among member economies, gathering and collating information and the establishment of a regional database is recognized as one essential step towards narrowing the competition information gap among member economies. For the purpose of sharing information/experiences and discussions among APEC member economies regarding updates and recent developments in competition law and policy, the website "The Competition Policy & Law Database" has been managed by Chinese Taipei since 1999. It has been more than 14 years since its establishment. Chinese Taipei had conducted a satisfaction survey in 2013 to collect feedback from member economies and assess if any way to improve and enhance the function of this database. Chinese Taipei will submit the final report at the 2014 CPLG meeting.
- Members' Report/Presentation on Up-dated and Development of Competition Policy
In order to exchange information, promote dialogue and encourage cooperation among the authorities for competition policy of member economies, each economy will make presentations in the CPLG meeting on up-dates and development of competition policy and law, which may cover the following items;
 - 1) Introduction of competition law and change to competition law and policy;
 - 2) Enforcement of competition law and policy (featuring recent cases).
- Deepen International Enforcement Cooperation among APEC Competition Jurisdictions
